

Right Arm

Left Arm

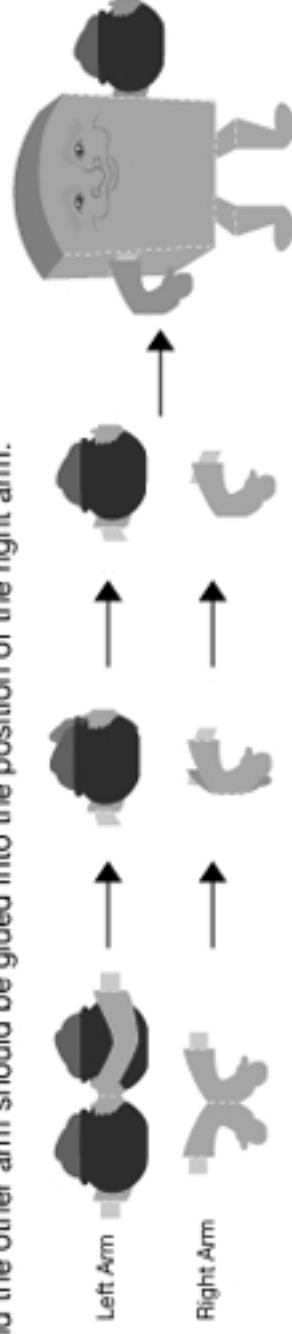

1. Cut out the Leprechaun and its pieces. On the main character piece, make folds (away from you) along the dotted lines, including the tabs. Fold the legs toward you and the knees away from you. Glue tab A to the back side of the Leprechaun's back. The character should be taking shape.

2. Put glue on the eight small tabs (four per side) that are located on the sides of the top of the Leprechaun's head. Then glue them to the back side of the Leprechaun's head. Make sure you hold each one in place for a few seconds before you move on. Next, glue tab B to the back of the side of the Leprechaun's head.

3. Cut out the arms. Keep them connected in the middle and fold it in half. Bend the tabs toward you, and then glue the back sides of the arm (leaving glue off the tabs) together. Be sure to not glue the tabs to each other. Once the arms are dry, put glue on the open tabs and glue the arms to each side of the Leprechaun. The arm with the pot of gold should be glued in the position of the left arm and the other arm should be glued into the position of the right arm.

4. Cut out the Leprechaun's hat. Keep the hat connected in the middle when you cut it out, and then fold them in half. Fold each tab toward you, then glue the back sides of the hat (don't put glue on the tabs yet) together. Be sure not to glue the tabs to each other. Next, put glue on the back side of the open tabs. Glue the hat to the top of the Leprechaun's head. Your Leprechaun Character is now complete! Place him on the edge of a shelf or table, or give him as a gift!
